I was thinking of replacing them with a lithium Pylontech UP5000; 4.8kWH (or maybe a Pylontech US3000C; 3.5kWH). (EDIT Feb 16th: I bought US2000C x 2 as it was what was available.) It seems to be a good beginner's option, as well as one of the very few lithium batteries available here in Chile and within my budget.

Pylontech batteries have carved a niche for themselves in the world of energy storage solutions, particularly with their US2000B, US3000C, and US5000 series. These batteries are lauded for their safety, efficiency, and reliability, making them a popular choice among homeowners looking to optimize their solar energy systems.

The latest chapter in the Pylontech lineup is the US5000 Series. This larger 4.8kWh capacity battery boosted the power significantly over the previous models, with an impressive 100A continuous power rating, and 120A ...

Pylontech's first generation Extra2000 was superseded by the more advanced US2000B. The US2000B is rated 2.4kWh. The US3000B is rated 3.55kWh and the US5000 is rated 5.5kWh. They allow easy setup and monitoring alongside connections for multiple units in parallel. It is compatible with all single-phase inverters.

The only technical difference I see between the batteries is that the Pylontech batteries will discharge at 6.6% higher current for the same power. Maybe slightly thicker/shorter cables would be required.

Pylontech's flagship battery product is the US2000C, a module featuring a nominal capacity of 2.4 kWh and a usable capacity of 2.16 kWh. There are also higher-capacity options including the US3000C (3.5 kWh) and US5000 (4.8 kWh).

The latest chapter in the Pylontech lineup is the US5000 Series. This larger 4.8kWh capacity battery boosted the power significantly over the previous models, with an impressive 100A continuous power rating, and 120A rating for up to 15 minutes.

Pylontech's first generation Extra2000 was superseded by the more advanced US2000B. The US2000B is rated 2.4kWh. The US3000B is rated 3.55kWh and the US5000 is ...

At the pinnacle of Pylontech's battery lineup is the US5000, a high-capacity lithium-ion battery designed for commercial and industrial installations. With a formidable capacity of 4.8 kWh, it is engineered to meet the demanding energy storage requirements of ...
