

Tetra energy services company ltd

Antigua and Barbuda

Who is Tetra Technologies?

TETRA Technologies, Inc. (NYSE: TTI) is an energy services and solutions company focused on developing environmentally conscious services and solutions that help make people's lives better. Our portfolio consists of Energy Services, Industrial Chemicals, and Lithium Ventures.

What does Tetra Tech do?

Tetra Tech's energy practitioners are leading the transition to cleaner and more sustainable energy solutions in communities around the world. Our global teams of planners, scientists, engineers, and policy experts partner with our clients to deliver innovative solutions for low-carbon energy generation, storage, and transmission.

How much does electricity cost in Antigua and Barbuda?

This profile provides a snapshot of the energy landscape of Antigua and Barbuda, an independent nation in the Leeward Islands in the eastern Caribbean Sea. Antigua and Barbuda's utility rates are approximately \$0.37 U.S. dollars (USD) per kilowatt-hour (kWh), which is above the Caribbean regional average of \$0.33 USD/kWh.

What can tetra do for You?

In addition to providing products and services to the oil and gas industry and calcium chloride for diverse applications, TETRA is expanding into the low-carbon energy market with chemistry expertise, key mineral acreage, and global infrastructure, helping to meet the demand for sustainable energy in the twenty-first century.

What is Antigua & Barbuda's energy policy?

Antigua and Barbuda published a draft of its National Energy Policy in December 2010, with the dual goals of reducing energy costs by diversifying away from fossil fuels and driving development of new technologies and sectors.

Who owns the power in Antigua & Barbuda?

Under the terms of the deal, the Antiguan government will retain a 51% share in WIOC.¹⁰ Antigua and Barbuda's generation resources are owned primarily by APUA, with the remainder owned by the sole independent power producer (IPP) currently in operation-- Antigua Power Company Limited (APC); other IPPs are allowed but none exist to date.
