

Timor-Leste camelot energy group

Who is Camelot Energy Group?

Camelot Energy Group is a technical and strategic advisor to owners and investors in clean energy and energy storage projects, programs, and infrastructure. Guided by our core values of courage, empathy, integrity, and service we seek to support the energy needs of a just, sustainable, and equitable future.

Is there a market for roof-top solar energy systems in Timor-Leste?

Australia's Market Development Facility (MDF) and ITP Renewables conducted an assessment of the potential market for roof-top solar energy systems in Timor-Leste.

How does Timor-Leste manage oil and gas revenues?

All of Timor-Leste's oil and gas revenues are deposited to the Petroleum Fund, which is solely invested in international financial assets. The amounts transferred from the fund to the state budget are guided by the Estimated Sustainable Income (ESI), set at 3% of total petroleum wealth.

How much energy can Timor-Leste generate?

The final report was delivered in May 2010, and it estimated the nationwide hydro-electric generation potential at 252 MW, rising to 352 MW if pumped storage is applied. National wind energy generation capacity was estimated at 72 MW, bringing the total potential for installed renewable energy capacity in Timor-Leste to 451 MW.

Is Timor-Leste a good country for solar energy?

Timor-Leste has a high-quality solar resource. The global horizontal irradiance in Dili is higher than on the east coast of Australia, where the solar market is mature and installation costs are higher. The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries.

Where do oil and gas activities take place in Timor-Leste?

Petroleum activities take place both in the Joint Petroleum Development Area (JPDA) and in the Timor-Leste Exclusive Area (TLEA) under production sharing contracts (PSCs) signed between the oil companies and the National Petroleum and Mineral Authority, ANPM. Both the mining and oil and gas sectors are regulated by ANPM.
