

Spear is awarded an SBIR Phase I contract to support TARDEC's 6T Battery Program; Spear Power Systems launches Trident(TM) Spear Power Systems Named in Inc.'s 2020 List of America's Fastest-Growing Private Companies; Spear Power Systems to Be Acquired by Sensata Technologies, Furthering Sensata's Electrification Strategy; Spear Power ...

The boldest ferry electrification effort in the U.S. will use American-made lithium ion batteries from Spear Power Systems, Inc on new Hybrid Electric ferries. Washington State Ferries is pursuing a groundbreaking initiative that will electrify a total of 16 new vessels and convert 3 existing vessels to plug-in hybrid electric propulsion by 2040.

Sensata Technologies (NYSE: ST) today announced that it has completed the previously announced acquisition of Spear Power Systems. Spear Power Systems develops next generation scalable lithium-ion battery storage systems for ...

Spear is an expert in the robust, safe integration of lithium-ion cells into high-capacity, high-voltage strings. Spear's SMOD provides modular building blocks for the ...

GRANDVIEW, Mo., May 4, 2020 - Spear Power Systems, Inc., a leading innovator in lithium-ion battery systems, has joined the Maritime Cluster Norwegian Centres of Expertise Maritime CleanTech. The Norwegian ...

Spear Power Systems has provided an advanced lithium-ion battery system for a counter-unmanned aerial system (CUAS) delivered earlier this month by defence technology company Raytheon to the US Air Force. The system is installed on a small all-terrain vehicle and will be deployed overseas as part of the airforce experiment that will last for a ...

The acquisition of Spear Power Systems advances Sensata's electrification portfolio and strategy into new clean energy markets. "We are pleased that the talented Spear Power Systems team, including over 40 highly experienced engineers, will be joining Sensata," said Vineet Nargolwala, Executive Vice President, Sensing Solutions at Sensata ...

At Spear Power Systems, we specialize in designing and manufacturing custom energy storage systems with a focus on lithium-ion battery technology, engineered for harsh environments ...

Sensata Technologies, an industrial technology company and provider of sensor-rich solutions and insights for customers, has announced the acquisition of Spear Power Systems, a provider of lithium-ion based energy storage solutions for mission-critical and demanding end user applications.

Tokelau spear power systems

Spear is an expert in the robust, safe integration of lithium-ion cells into high-capacity, high-voltage strings. Spear's SMOD provides modular building blocks for the mechanical integration of prismatic pouch or cylindrical can cells into energy storage systems from 12 to 1250 VDC and from 1s to 1000s of Ah.

About Spear Power Systems. Founded in 2013 by experienced energy storage entrepreneurs Jeff Kostos, President & CEO, and Dr. Joon Kim, CTO, Spear designs and manufactures safe, high performance energy storage systems (ESS) for clients with some of the world's most demanding marine, industrial, and defense applications.
