Chinese battery manufacturer Rept Battero launched its North American subsidiary earlier this month with an event in Irvine, California, US. The official opening of its offices in the Californian city took place on 9 September, just as the RE+ trade show for solar PV, energy storage and related industries opened its doors in nearby Anaheim.

At the show, considered North America's biggest event of its type with more than 50,000 visitors at the 2024 edition, Rept Battero showcased a new large format 564Ah battery cell and a 20-foot containerised battery energy storage system (BESS) solution claimed to enable more than 6MWh of installed capacity on the DC side.
