Total Pipes are a trusted source for the best Water Meter Boxes in the UK. Our meter mounts, kits and boxes come in different sizes and prices - 01254 382000

What sizes do Plasson meter mounts come in?

Our Plasson meter mounts, boxes and kits come available in various sizes and are priced accordingly. The standard Plasson meter mounts and kits come in sizes from 15mm to 25mm. Several other options are available; for example, the Plasson meter mount kit 3517 comes in two variants of copper adaptors at 25mm x 15mm and 25mm x 22mm.

What types of water meter boxes are available?

The range of available water meter boxes is also not to be overlooked, as we have the Plasson standard meter box, adjustable meter box, and adjustable meter box for contaminated land, as well as both the standard Atlas meter box and meter box for contaminated land -- all of which is available in different sizes.

Do you need a water meter box?

Nobody likes to waste water. Very often we live in an area where water is readily available without any limits, but on larger project scales, it becomes essential to track water consumption. Fortunately, Total Pipeline Systems is one of the most trusted sources of water meter boxes and supplies to complement your water-based projects.

What is a pipe bracket system?

These essential fittings include a wide range of brackets, nuts and bolts to secure pipework and provide crucial structural support. Whether it's reducing noise, fixing pipes to walls, or more complicated pipe management in a commercial setting, you want a bracket system that's affordable and easy to install.

How do I buy water meter supplies in UK?

Purchase your water meters in UK today and our company will aim to dispatch your order on the very same day. To make a purchase, add the desired items to your shopping cart and proceed to the checkout area. Once your purchase has been made, there is no long wait required for your water meter supplies to arrive at your location.
