

# Wattsonic battery Falkland Islands

Who is wattsonic battery?

Wattsonic Battery shall be one of the few companies who invest a lot into LFP raw materials basic research with around 100 patents owned like standard 10,000 cycles superior LFP battery, low temperature charging LFP technology, high C rate fast charging and discharging LFP technology.

What is wattsonic residential three phase hybrid AIO ESS?

Confidence comes from giant energy. Thanks to innovative battery modular designing and wide range battery voltage input on hybrid inverter, Wattsonic residential three phase hybrid AIO ESS can configure from 6kW up to maximum 20kW with superior flexibility to each project's demand. With intelligent AIO kit, installation difficulty is minimized too.

How long does wattsonic battery last?

Together with multi functions to make the battery more durable, Wattsonic battery can realize 10,000 cycles at 90% DOD and 1C/1C continual charge & discharge. We still have 10 years long standard warranty. Our after-sales person will gladly help you if you have any problems. IP65 protection. Wattsonic battery passed IP65 test.

Who makes wattsonic storage solutions?

The Wattsonic residential and industrial storage solutions are manufactured by China State Shipbuilding Corporation Limited (CSIC), a military factory focus on warship and nuclear submarine with toughest standard quality control system. And we're struggling for technology innovation to move our business success.

Is wattsonic Li LV battery safe?

Low voltage safety connection. Wattsonic Li-LV series battery is a kind of low voltage battery, which means it will be relatively safer than the high voltage product. There is a large power fluctuation on battery charge/discharge.

Does wattsonic battery pass IP65 test?

Wattsonic battery passed IP65 test. Can be protected from total dust ingress. And protected from low pressure water jets from any direction. Superior LiFePO<sub>4</sub> safety performance.

THE WATTSONIC ALL-IN-ONE ESS is simple to install, safe, very reliable, and provides the lowest lifetime energy cost for both new solar customers and retrofit customers. As an installer, you can design the right system size to meet the need of the homeowner. **STORING SOLAR ENERGY SIMPLY AND COST-EFFECTIVELY**

Thanks to innovative battery modular designing and wide range battery voltage input on hybrid inverter, Wattsonic residential three phase hybrid AIO ESS can configure from 6kW up to maximum 20kW with

superior flexibility to each projects demand. With intelligent AIO kit, installation difficulty is minimized too.

What is the Focus of the Falkland Islands" Energy Transition by 2045? Our focus is on: o providing energy independence and security to meet future demand, by replacing existing infrastructure, such as the aging power station, while o continuing to move away from fossil fuel combustion to cleaner energy sources, by increasing the

2.5kwh free stand lifepo4 battery module \* Compatible inverter brands: Wattsonic/ SMA SunnyIsland/ Victron/ Imeon/ Voltronic/ SolaX/ GoodWe/ SofarSolar/ Solis/ Studer Total ...

Wattsonic Battery, a technology driven company founded by an experienced engineers team focus on LFP technology basic research and completed ESS R& D and production for more ...

Wattsonic Battery, a technology driven company founded by an experienced engineers team focus on LFP technology basic research and completed ESS R& D and production for more than two decades, and our LFP battery are known for 10,000 cycles(90% DOD) superior life-span with 10 years standard quality warranty, and currently Wattsonic has built a ...

Wattsonic specializes in battery storage for both residential facility and commercial enterprises. We produce electricity storage with the most modern battery cells: prismatic LiFePO4 cells ...

WATTSONIC warrants its LiFePO4 storage battery to be free from defects in service and materials for a period of ten (10) years from the warranty start date of the batteries. If a battery ...

THE WATTSONIC ALL-IN-ONE ESS is simple to install, safe, very reliable, and provides the lowest lifetime energy cost for both new solar customers and retrofit customers. As an ...

Wattsonic Li-LV Battery offers an option if you are looking for batteries to match your system. Approved by world leading inverters makes sure your batteries work well as soon as you plug ...

WATTSONIC warrants its LiFePO4 storage battery to be free from defects in service and materials for a period of ten (10) years from the warranty start date of the batteries. If a battery malfunctions or becomes inoperative due to a defect in service or material

2.5kwh free stand lifepo4 battery module \* Compatible inverter brands: Wattsonic/ SMA SunnyIsland/ Victron/ Imeon/ Voltronic/ SolaX/ GoodWe/ SofarSolar/ Solis/ Studer Total Energy [kWh]

WATTSONIC specializes in battery storage for both residential facility and commercial enterprises. We produce electricity storage with the most modern battery cells: prismatic LiFePO4 cells with superior cycling and safety performance.
