

TONGRES - Depuis le début de l'année 2023, Weerts Energy est une nouvelle division indépendante du groupe Weerts. En réponse à la nécessité d'une transition mondiale vers l'utilisation d'énergies renouvelables, la nouvelle entité se concentrera sur les développements stratégiques "verts" au sein du groupe.

We currently have a 26 MWp production infrastructure on existing buildings. Our premises are equipped with dynamic lighting systems with motion sensors, so no energy is wasted. The energy produced exceeds our own needs, allowing us ...

Weerts Energy owns Weerts Group's energy strategy and is responsible for its implementation throughout the entire Group portfolio. At the end of 2022, the decision was taken to ...

BERA is responsible for providing an efficient energy regulatory framework for Electricity, Gas, Coal, Petroleum products, solar and all forms of renewable energy. It was established by the Botswana Energy Regulatory Act 2016. It started its operations on the 1st September, 2017 and its offices are situated in Lobatse. [Read More](#)
