

Welcome to our unboxing and initial impressions of the Yohako 10KVA Pure Sine Wave Power Inverter! In this video, we'll take you through the unboxing process...

We have executed breathtaking solar energy jobs for individuals, government agencies and corporate organizations. Our strength lies in the experience of our engineers, the quality of our products, competitive prices and timely delivery. We are the accredited representative of Bigstar solar products, Solitec Solar products and Yohako Solar products.

Unlock the true potential of your solar panels with the Yohako Charge Controller, a legendary innovation in renewable energy technology. Engineered to perfection, this cutting-edge device maximizes energy harvesting, ensuring unparalleled efficiency and reliability.

The Yohako inverter series presents a robust and versatile range of power solutions designed to cater to a variety of energy needs. These inverters are available in capacities of 3KVA with a 24V system, and larger capacities, including 5KVA, 7.5KVA, and 10KVA, all operating at 48V.

Hybrid Solar Inverter Performance features *Excellent Performance because of double MCU intelligent control technology. *A wide range of applicable loads because of pure sine wave AC output. *Mains supply preferred mode, saving mode and battery preferred mode are all settable thus making it easy to meet the different application needs of users. *Excellent charge ...
